

# Ministry schedule for February 2018

## Council Bluffs Central Congregation

Community of Christ

On Sundays, greeters meet visitors, friends, and members and give them the day's bulletin, CBC Newsletter, and any mission center newsletters. Greeters also ask visitors to sign the guest book and assist visitors in finding Sunday School classes, nursery, bathrooms, sanctuary and help with other needs. If Don is available, please introduce him to them as our pastor. The worship coordinator will meet with the presiders and the speakers for the month in one meeting to try to help increase continuity of worship throughout the month. The planning team may use the "worship helps" or they may develop the service using their own collective ideas. Musicians, deacons, Power Point and sound people may want to check with the presider to see if there are any special requests/needs for the service. The worship center person needs to check with the worship coordinator and presider to see if there are any special ideas, or needs to enhance the visual impact of the service.
